

Which race has the highest female cancer health concerns compared to the total population?

Short answer = Caucasian

AfricanAmer =
1,448,668,350

AsianAmer =
1,216,128,393

Caucasian =
2,087,855,957

NativeAmer =
1,227,306,380

Other =
935,712,060

Caucasian has the highest female cancer health concerns

Sum of Total Population is 6,915,671,140

AfricanAmer = 1,448,668,350

AsianAmer =
1,216,128,393

Caucasian =
2,087,855,957

NativeAmer =
1,227,306,380

Other =
935,712,060
